Cottage: **Casa Tegula**

Casa Tegula is in a great location. The unit was exceptionally clean with a well stocked kitchen. Two units in the building and great soundproofing, did not hear the two children below us at all. Easy to rent with very receptive staff. Will not hesitate to rent here again upon return to Siesta Key.

Great vacation house in Siesta Key

This is a lovely, well-equipped and well-located house that is ideal for groups of friends or families. The backyard pool/hot tub/screened porch is an intimate, private oasis, and furnishings and beds are comfortable and up-to-date. It's an easy ride to downtown Siesta Key beach bars or to Sarasota shopping and restaurants. The property management team was very helpful, friendly and responsive to the few small issues we encountered. Definitely a good pick!

The location was perfect. Bedrooms were decent size, kitchen was a great entertaining space. Having the pool right there was so nice too. There were 2 roles of toilet paper provided for a 12 person group, and we didn't read the fine print about packing our own (so strange). Also no shampoo and conditioner. We travel very frequently and this was the first place that didn't provide those basic things, which turned out to be a pretty big inconvenience. Also - every morning there were people in the pool area cleaning stuff up.....they scared the kids at first because they showed up unannounced. I'd say this place would be excellent for a group of adults, but we wouldn't consider it to be overly kid-friendly.

We had an amazing stay at this property. Everything was better than described. It was great having 2 master bedroom suites plus the other bedrooms. Plenty of room and privacy for everyone. TV's in all of the rooms helped keep the kids and adults happy. The pool was always inviting and got plenty of use. Ideal location close to Siesta Key village center as well as attractions in the Sarasota area. The people at Cottages on the Key were helpful and welcoming. *Casa Mahalo, Siesta Key
The property was superb. In particular, I wish I could give the location 6 or 7 stars. It was a two minute walk to the beach and less than that to all of the activity in Siesta Key Village, as well as the incredibly well stocked Morton's Siesta Key market. The layout of the apartment gave each couple in our group of 8 plenty of privacy as well as plenty of room to socialize and eat together. Minor in the overall scheme of things was the limited water pressure in the showers, particularly the master bath. Overall I can't recommend this property highly enough, and look forward to returning in the future.*

Great location

We had a great stay at the Baybreeze property. It was very clean and had plenty of room for all of us. We loved having three toilets. It was close to downtown siesta key center and about a 4-5 min walk to the nearest beach access. The local market was 2 mins walk. Plenty of parking for two vehicles. The pool area was also great to have on site as well. We made good use of it. Our only complaint was that the beach chairs that were for use were broken, several with mold, and two that did not recline. For a beach property, I'd like to see the chairs replaced with new, working, clean beach chairs. We were a little grossed out to sit on a few because they were so filthy and moldy. Overall, very cute little beach house for our week long stay.

Cottage: **Casa Tegula**

This was our first time vacationing on Siesta Key and we booked fairly late, so I was a bit nervous about the location of the property and whether it would look anything like the photos. Well, it is in an awesome location at the southern end of Crescent Beach, no more than a 2 minute walk from the driveway of Casa Tegula to the Public Beach entrance, and the unit is gorgeous and comfortable. We were able to walk to a number of great restaurants, two ice cream vendors, a marvelous wine shop, a drugstore and a market. The unit has 4 bicycles and the free trolley stops at the end of the street, so we only used our car to drive to and from the airport. The beds were comfy and the linens were soft. The unit had plenty of beach towels, beach chairs, an umbrella and a rolling cooler. We spent the mornings at the beach and the afternoons relaxing by the pool. Our grandsons were in heaven!!!! Highly recommend this property!

We rented the Crescent Cottage and had a great experience. When we arrived at check in, we were greeted by our rental agent who brought a box of delicious cupcakes from a local bakery! The cottage was clean and stocked with everything from propane for the grill to beach toys, umbrellas, chairs, and the works. The pool was warm and clean, and the uplighting on the trees in the backyard made the pool deck picturesque in the evening. *A very blessed family vacation
15 members from our extended family enjoyed a relaxing week at Casa de Mariposa. There was plenty of room for us all, ample kitchen supplies, clean living and sleeping space, and wonderful staff to work with. We enjoyed an easy walk to the beach several times a day and the close proximity to the main village for dinner, mini donuts, shopping, and ice cream. We used the provided bikes daily. The pool, although small, worked for our teenagers and adults and was a nice, warm temperature even in December. Thank you for providing the space for wonderful family members. Blessings to all!*

Very comfortable house, very communicative and easy to work with hosts. The property is all laid out on one floor which makes navigating easy. It has everything we needed for 3 families staying together (one w/no kids). We enjoyed the pool and access to the dock even though we could only get a paddleboard in there one day- and with some difficulty as just below the dock is basically mud at all times. *Siesta Key - great destination for a family vacation
Property is completely renovated, clean, the layout of this one floor home was spectacular for a family of 6. heated pool and jacuzzi were used often at night, Grille on back patio, home was outfitted w utensils and cooking ware needed, 6 beach chairs, beach towels, cooler, a few beach toys (for younger kids). 9 miles from downtown and 1.1 miles from "the beach" at the broken pier, where we went (not crowded), public beach 1.9 miles (very busy), now we understand why Siesta Key beach rated #1 in USA, sand was magnificent, waters were outstanding. Downtown plenty of restaurants, bars, market, shopping - were fun and close. downtown Sarasota 12 min away was impressive, w restuarants, Armands Circle 14 min away great spot for shopping and restaurants. We rented a 4 person golf cart and 2 motorized bikes for the week from Travis at Toy Barn which were key for traveling back and forth to the beach and downtown, recommend as parking is tight at beach, if you go to public beach there is a lot of parking and downtown at night, golf cart easy to park downtown, bikes you can park anywhere, we rented a boat from Capt. Larry from Black Pearl and traveled down the Intracoastal to Venice for the day from siesta key - was a fantastic day, we rented jet skis, paddle boards, kayaks for a couple hours to hit midsummer beach and tour around the south side of Siesta Key. though 4567 Higel Ave. is a .9 miles from downtown and 1.1 miles from beach - the house location was great for us and will definitely return to this great home for another stay at Siesta Key.*

Fantastic!

Overall stay was fantastic! The beach was about 1 short block away. Having everything we needed for the beach available was so convenient. I felt very comfortable and safe on our bike ride. People in the neighborhood were so friendly. The only thing I could suggest is adding more hooks or towel bars in the bathrooms. I would definitely recommend this place.

BEST BIRTHDAY CELEBRATION EVER!

*I can't say enough about our stay at 1034 Crescent. It was amazing...clean, updated, near restaurants, walking distance to the beach and my grandkids absolutely loved the backyard pool. I will definitely come back. My only suggestion would be to purchase a broom and dust pan so the guests can keep up with the floor and replace the squeaky bed in the back bedroom. Wonderful!

location, location, location...right behind all the restaurants, two blocks from the fabulous beach, heated pool was a nice touch had a great time at your cottage - a few small things: another bath mat for the bathroom, some hooks for towels near the shower, the back doorknob needs tightening. Very minor adjustments, but a great place in all. We would have like to have known there was a dog next door, it made the common place not as comfortable if he was out there

This gorgeous house has it all! Our group of three couples had a great time at this home. It's spacious enough for everyone to hang out in one spot or to take time on their own in their own space. The pool and hot tub are perfect temps and the outdoor setup was so fun to hang out in. The kitchen had all necessary gadgets and tools needed to cook for the week. This would be a great space for family travel or adults. Thank you for providing a perfect space for our escape from the snow. Thanks for taking such good care of us and making us a priority with the realtor showings. And for the bottle of wine :). The only feedback I would have is the bikes have seen better days. That was a tough bike ride down to the shops and back...haha.

Took a winter break from Chicago and found a gem in Villa Las Flores. The perfect
blend of location need shopping and food and yet private. The house was great
for the needs of my two sisters and I and the pool/courtyard made it feel as if you
were on a small private island. We took a chance on taking a property away from
the Gulf, as we usually do and were rewarded with a great find. Private pool, warm

We have never been to Siesta Keys before and renting Topsail Cottage was the best choice. Working with Cottages on the Keys was a breeze! They were responsive, friendly and answered all my questions and were able to point us in the direction of anything we needed. The house was beautiful and spacious and ideal for traveling with young children and our extended family. We loved the area to go for walks and it was so close to the beach. We enjoyed our time at the pool and the neighbors that we chatted with were also very friendly. We were greeted at the house with delicious cupcakes and said Farwell with wine. Cant get much better. We had a great vacation here! The house is exactly as pictured, very clean and spacious with all the amenities. Plenty of towels, extremely comfortable beds, beautiful backyard oasis and very modern appliances inside. We traveled with our family of 5, including a baby, and although they did not provide a crib we were able to rent both a crib and high chair from a local rental company and they were in the unit for us upon arrival. Please note that while the location is very central - close to both downtown Sarasota and Siesta Key beach, the house is situated on a busy road. We couldn't walk anywhere (safely) but grocery stores and restaurants are all a short drive away. We had a fabulous vacation, thank you! Beds were extremely comfortable. My only suggestion would be to get a thinner mattress for the top bunk as I think it is very unsafe for it to be above the guard rail. We luckily didn't need to use it. Location is very central which is great! It's just on a busy road that is not pedestrian friendly

We stayed here for our honeymoon and absolutely loved it! The Cottages crew were so helpful and easy to work with. Our plane arrived before check in so they let us keep our bags in their office while we wandered around town. They gave us a bunch of recommendations of places to eat and drink. They even gifted us cupcakes and a bubbly to celebrate the special occasion. The house is very clean and exactly like the pictures. We were very happy with how comfortable the mattresses and pillows were. The best part was the very short commute to the beach. This beach does not disappoint. The sand is like powder! The house has beach chairs, towels, umbrellas, coolers, and beach toys/games. The only things we had to buy were the groceries and booze. I highly recommend ordering food and beer online from Publix. They will deliver everything to you. The commute to town is easy as well. We were a quick walk away from the center of town. We highly recommend the margaritas and mojitos at The Hub. You also have to try SKOB (siesta key oyster bar). Their happy hour does not disappoint! Discounted oysters on the half shell that are enough for two people. Their fried grouper was my husband's favorite appetizer. Siesta key village is very chill and family oriented. Most bars close around midnight. The two party bars were The Daiquiri Deck and Beach Club. We preferred the Beach Club. They had some great bands. We plan to return to this beautiful beach town and we will definitely rent from The Cottages again!!

Staff went out of their way to get us in as early as possible which greatly helped with the traveling two year old and nap! Staff stopped by with welcome items and made sure there were no hitches that arose. Casa Tegula itself was a great place to base from to go to the beach with a short walk; and to just stay poolside and relax. Short walking distance to market and restaurants as well. Overall would rate our stay as excellent! John C

Cottage: Seaside Cottage

Place is gorgeous, decorated beautifully, totally functional for beach living, spacious, well stocked with kitchen supplies and cookware, towels, linens- Lovely! Our group of 8, plus one day visitor- had a most fabulous time. The place allowed us to cook a thanksgiving dinner, and we had everything we needed- including many spices! Access to the famous sugar sands of Siesta beach is amazing- half a block to a beach path. Pool was warm and welcoming, plenty of space and furniture for al fresco dining. Private! Be careful while calculating bed space- 3 kings, 1 double, a pull out trundle that you can't really use due to lack of floor space, and a really uncomfortable sofa bed in the hall. We brought a blow-up mattress rather than use the sofa bed. Bring/buy xtra toilet paper, soap. Only 6 can sit at the table unless you bring in extra chairs- the 3 counter stools are not comfy for a meal. No matter what the ad says- NOT "Pet friendly"- read the small print! Staff is very helpful, and responsive- left us a fabulous special baked treats in the fridge- most appreciated- and even brought in a delicious Siesta Key bottle of great wine. Our group was most impressed! Apart from the few little complaints above- the house is wonderful, and we all would be thrilled to return ASAP!!!! Lots of wonderful things to say about this place, the location, the kitchen so well stocked with everything needed for a thanksgiving dinner- and friendly, responsive staff at all levels- Thank you!! We would love to see as many chairs around the table as there are beds- we had to bring 3 extra chairs. As I am local, I could arrange this, but those from out of town are stuck with the situation- Who gets to hang at the "kid's counter"? Got to say- Place is beautiful, functional--We had a blast! Bed space was less than expected- the pull out trundle could not be pulled out, due to lack of floor space in that room. The sofa bed was untenable- my brother (6ft 4ln) had to sleep on a blow up mattress I brought along. The place advertized as Pet Friendly, or I would have passed it by in the listings- but, I discovered after booking- No animals and a \$250 fine if an animal is found on the premises, ever- that was a shock!

This is the best Airbnb ever ! Comfy beds, amazing pool, GREAT Location & jenifer was so commutative & helpful. I will definitely be staying here again. 5 min walk to everything. We hit up the beach & main strip every day. I would definitely recommend checking out daiquiri deck & the sip & cycle boat experience for adult groups. We loved all the bikes & beach gear they provide. I could go on & on about this place. Best Airbnb experience I have ever had

Cottage: Villa Las Flores

I can only summarize our experience at Villa las flores as being nothing more than exceptional. The private oasis that is the pool and patio give this home a vibe of relaxation and rest. From the time you arrive to music/cupcakes and peer inside the beautiful vaulted ceilings, you feel at home. The residence holds everything you need for your stay leaving you with only needing to go to the grocery store (excellent publix southbound) for liqour and any/all food/items you need. The residence is close to all beaches (8-35 min drive depending on the beach/traffic) and 1 hour from Busch Gardens. The LA fitness next door is a 5 minute walk and you can get a free week pass online. The pool was heated and the best time to use it with full sun was from 1130-1530 during the day. At night, the mood and ambiance lighting are perfect. The beach chairs and towels with the property were perfect for our beach days and walts seafood market down the street had the best fresh selection for grilling on the patio. We would definitely return to the residence and were very pleased to be met by the property manager our final night with a send off bottle of wine and requesting sincere feedback regarding our stay. The cottages at the key run a fine ship!

Awesome family-friendly combined villa on Siesta Key! Villa Cascada is a great 4BR/4Ba villa which is actually 2 fully stocked 2BR/2Ba condos that share a wall and an awesome backyard with heated pool. It was the perfect layout for families/kids when people need their own space. The staff were incredibly attentive and helpful before and during our stay. They called to alert us about being able to check in early, greeted us with gourmet cupcakes on arrival, and even cake by later with a bottle of complimentary wine. All of the furniture was comfortable and the outdoor furniture was great to have. It was on the quieter end of Siesta Key but still within walking distance to the beach and restaurants/ice cream. No bathtub for little ones but all spacious showers that worked out fine for them to play in. Everything we needed was stocked and very helpful (paper towel, laundry soap, dishwasher soap, garbage bags). Definitely would rent again! Everything was great!

Great House! We rented this property for 5 days to host a holiday dinner for family in Florida. We picked this place because it was advertised as having a well-stocked kitchen. We were somewhat skeptical as many other rental properties we have rented advertise this way and you're lucky if you even get a whisk. We were pleasantly surprised when we arrived and it had pretty much everything we needed to prepare a large meal for 6 people. The house was very thoughtfully stocked and even had playpens and a high chair for families with small children. The neighborhood was quiet and very close to grocery and drug stores and just a few minutes drive from the beach. There were cupcakes left for us in the fridge and the manager hand delivered a bottle of wine to us on our first day. VERY pleased with our stay. We are considering making this an annual trip and plan to book this property again.

Thoroughly enjoyed our experience staying here. Had everything we needed, plenty of space and great location. Useful having the elevator, bit tricky first time but all good after that. Stronger water pressure in the showers wouldn't go amiss but nothing that's going to spoil your stay. Great to have the extra goodies in the garage for going to the beach. I cannot say enough about my recent experience at Casita Blanca at Cottages On The key. My dog was warmly welcomed there, and the cottage itself was comfortable and decorated in a fresh and contemporary style that suited the beach location.

From my initial interaction on the phone with Kenneth, to the wine delivery and subsequent interim cleaning by the staff, everything was absolutely wonderful. I found every staff member to be gracious and willing to help.

The close location to Crescent Beach is outstanding. My family and I enjoyed the pool, the walks on the beach, the spectacular sunsets, and the many walks into the vibrant Siesta key village.

We were lucky enough to be able to book the Sun Dial property before Christmas! It was exactly what we needed & honestly, I couldn't have asked for anything more! We were having an early Christmas, because it was the only time that one of my daughters could be here, from out of state, & it was my granddaughter's first Christmas! The house has 4 bedrooms, each with its own full bathroom, so with my 3 kids & their significant others, it was perfect! I fell in love with all of the furnishings (and went home wanting to redo my own house!) & the mattresses in all of the bedrooms will make you never want to leave! I'm told all of the houses that Cottages manages have these mattresses! The kitchen is big & well stocked with all you will need, should you decide to cook, which we did! The pool and backyard, which sits on the canal, is gorgeous & extremely well maintained! We only live a short distance away, but we sure felt like we were on vacation! I highly recommend this property & this company! Everyone I had to talk to was very professional & helpful & I never felt like I was bothering anyone with all of the questions I had when making our decision! They even recommended a place we could rent a playpen & walker for the baby! A+++ all the way around! We hope to do this again next year!

I just had my first stay with my family over the holidays. I am typically pretty picky when it comes to where I stay, but the properties offered were simply breathtaking. It is so refreshing to have stayed somewhere where you can see and feel the love and care from the company and staff upon entry. I would recommend this company to anyone staying in the area. Or even if you live locally and just need to get away from your house and try something different! I will be back as soon as I can!

We stayed here with a group of friends to celebrate a friend's wedding. The house was ideal for us and the experience from the moment we booked was terrific. We were helped with every query by the extremely helpful team at the office. The house itself lived up to expectations and we found it to be well equipped and very comfortable. The location was ideal, with a pleasant stroll to the beach and equally convenient for the stores and the Village. The beds were super comfortable, hair dryers available for every room and plenty of clothes hangers! Altogether we feel made a perfect choice and can recommend the house and the team at Cottages on the Key to any future clients.

This is the best place I have ever stayed! This place is beautiful!!! Best mattresses and linens are used- extremely comfortable. We had 9 people and it is very spacious- the pool while small was extremely suitable for my 3 grandchildren ages 6 to 10 as they swam right in front of us and it kept them entertained. Just a couple negatives which aren't that important- no salt and pepper, had to buy- no iron- used the dryer and the floors were a tad bit dirty-we all had dirty socks- but again beautiful place and rate it a 10 from a scale of 1 to 5. We all loved it- didn't get to spend a great deal of time cause my daughter was getting married and we had many wedding events to attend. Highly highly recommend!!!!

I booked a 4 bedroom/3 bath condo with Jennifer at Cottages On The Key in Siesta Key, FL. Jennifer did an excellent job recommending this particular property for our group of 6 - 65 yr old high school friends reuniting for a long weekend! Our party stayed at 1036 Casa Antilles Unit L beginning 11/1/19 for 4 nights. It was perfect - very spacious, beautiful beachy decor, private pool, bikes to ride, beach chairs and more! Mikalyn did a great job checking in on us upon arrival to make sure everything was good with the unit. The unit was in walking to Crescent Beach, a great beach to find all kinds of shells! It's a very short drive to Siesta Key Beach and Siesta Key Village where all the restaurants and shops are!. All the amenities were there. There's even an elevator if you have anyone who has trouble with stairs! We loved the cupcakes they gave to us upon arrival and the bottle of wine! Just a wonderful vacation condo - we'll be back!!

Cottage: Casa Leone

Beautiful home for family vacation. We enjoyed a wonderful week at Casa Leone. The house was extremely clean when we arrived with a lovely welcome gift waiting for us. The home feels very spacious, with big bedrooms, comfortable beds and fresh/new bedding. Each bedroom has a huge closet with lots of storage for luggage/clothing. The kitchen is modern with new appliances. Location is great on a safe, quiet street. A quick 5 minute drive brought us right to Siesta Key Beach - one of the nicest beaches we've ever been to! But the real star of this property is the backyard/pool area - wow! The kids felt like they were swimming in the jungle surrounded by all those beautiful trees. There were plenty of pool/beach towels available for our use which was appreciated. They also provide guests with beach chairs, beach umbrella, cooler and floaties. Like other reviews, we all agreed the only recommendation for improvement would be to add a few more cooking utensils and cookware accessories: the two missing items that stand out were steak knives and a baking tray/cookie sheet that actually fits inside the oven (that one had us scratching our heads). We would definitely recommend this property to others. We wish we could have stayed longer!

My family of 10 just got back from our Thanksgiving vacation on Siesta Key, and we just can't say enough about how amazing it was. The home that we stayed in was immaculate! Plenty of space, clean, and comfortable. To say the house was stocked is an understatement. We cooked our Thanksgiving dinner with no problems and no running out of anything. They literally thought of everything! They even had the things that other houses wouldn't like dishwasher tabs, laundry soap, trash bags, etc. We arrived to find 6 gourmet cupcakes saying "welcome Green family". A couple days later, they stop by to check on us and make sure we didn't need anything and brought us a pie and wine!!! The hospitality can't get any better than The Cottages on the Key. We are planning to do this again next year and we will book with them again. Thanks so much for helping make our vacation even better. With love and gratitude The Green Family.

This little cottage was so awesome!! It felt (not sure if we were) as if we were the first visitors. Everything looked like brand new inside and out. Exactly like the pictures. It is so cozy, extremely well fitted out (with everything you may need and more, even beach chairs etc.). We never saw anyone else at the pool so it felt private to us and it looks so great. We couldn't have asked for a cuter little house. You do need your car to go everywhere but when you do, it's only a short (15 min max) to Siesta Key, Sarasota and St Armand circle (so well located to reach all). Also communication was great and the Cottage's even left us a pie in the fridge for Thanksgiving. We loved it and spend a great week there with us and our 2 children. (wouldn't recommend for more than 4). Thank you guys for the pie and good communication!! I did notice the garbage disposal making an off noise when we left. I look inside of it and felt around but nothing appeared to be there??? Maybe you want to check that out. Also, I know you reacted and reached out to us, but although internet worked, it was really spotty and mostly little responsive and very slow. I ended using my mobile phone hotspot as I got tired of the wifi.... Overall we were very happy however! Thanks again.

We have been doing a family trip every year for Thanksgiving to FL. This was our fifth year and our best year. We have always rented a home and every house before this one was horrible. We experienced nothing but top notch service at this rental. The staff was unbelievable. Property management is key with rental properties and this was nothing but the best. Friendly and very responsive staff through out our entire stay. The hot tub worked great which we were all thankful for since in the past houses that we rented they never worked. This house was immaculate and had high end finishes and great kitchen supplies. The location was great. We enjoyed riding bikes to the beach and village. The immediate area was absolutely beautiful. Cottage: Luna Nueva

Beautiful Cottage! My friends and I stayed here for a wedding we were attending that week. The house looked exactly like the pictures which was so cozy and comfortable. The pool and backyard was very clean and well kept. We walked in and the hostess had left us cupcakes to welcome in. Which was the nicest thing! Since we were so busy our whole stay we didn't get to eat them until later in the week. But they were delicious Our stay went into Thanksgiving and hostess came by while we were out and left us a key lime pie. Which we happily brought over to our friends place for dessert. We felt bad because when they came by we weren't home and we left the kitchen a bit of a mess. We would recommend this place to anyone who is looking to stay in Siesta Keys. And we will definitely be back.

Cottage: **Siesta Salt Life**
My family rented the Salt Life condos on Siesta Key for the Thanksgiving week and totally enjoyed the experience. The check-in procedure was easy and we found the place very clean and well laid out upon arrival. The outdoor living area is what sold us on this property. We had many little ones that enjoyed the heated pool and they had plenty of play area to wear off some of their energy. Don't get me wrong, the parents and grandparents enjoyed it as well;) Very close proximity to the beach and village. The Cottages staff is second to none. They were very friendly and were eager to help if we needed anything. A big shout out to Jo Jo who set this very pleasant week up for us! We will be back as we have already booked for next year!!

So cute and clean! We stayed in "Sea Esta" and had more than we could have asked for- plenty of towels, dishes, etc. We felt like we were home. The location was ideal for a short walk to everything. Getting an uber when we needed to travel further was super easy. Staff were friendly and prompt. Kenneth was awesome and patient over the phone with my 100 questions! Cottage: Admirals Watch

Nov 2019 six of my closest friends from elementary school stayed at the Admiral's Watch in Siesta Key. All I can say is this was by far the best getaway. The house was extremely impressive - absolutely beautiful! Delish cupcakes in a beautiful glass dish waiting for us on the counter. The location could not be any better, there was a free shuttle right outside of the house that went into town. The beach across the street was breathtaking - if you have never experienced Siesta Key sand you are missing out - white powder that never gets hot. Truly should be on your bucket list. They had beach chairs, umbrellas, towels and bikes to use at your convenience. Town had some nice restaurants and bars as so did the neighboring town Sarasota. Everyone at The Cottages on the Key was so very helpful and accommodating - from early check-in to late check-out. I cannot say enough about the entire experience. We will absolutely be back!!!!!!

Cottage: Turtles Watch

This property is amazing. It's in a gated cul-de-sac community and is only a few minutes from Siesta Village and Siesta Key Beach by bike. We had a party of five with plenty of room for more. It also has a heated pool, and a hot tub. The caretakers of the property are exceptional as they communicated often to see how our experience was going, and gave us plenty of ideas for things to do (e.g., they have a relationship with a local charter boat that we used, which was a blast.). This was our first visit to Siesta Key; and we definitely will be coming back to this property, if available.

Wow. This was honestly the best Airbnb I've ever booked/stayed out. My girlfriend and I came down to Siesta Key for some R&R and we couldn't have been happier with this pick as a place to stay. The house was spacious, had amazing natural light, and with two balconies overlooking the water, was exactly what we needed to unplug and relax. Garages were fully stocked/loaded with beach supplies and with only a 30 second walk across the road to get to the beach, this was the perfect place. We also enjoyed the pool a few times when we came back from the beach which was super refreshing and clean. Host was communicative and responsive, but also gave us space. 100% will be booking this place again for our next trip to Siesta Key!

Great Trip! Our adult children met us here for an adults only vacation. We loved the property and really enjoyed our own private pool. Location was great....just a short walk to the beach, the grocery/liquor store (which surprisingly had everything we needed even though it was a small store), and lots of restaurants/bars/shops. Our end of the beach was perfect....the other end was super crowded! The house had a lot of "extras".... lawn chairs, beach umbrellas, coolers, beach cart, 4 bikes, beach towels, beach toys (enjoyed the bocce ball set), cupcakes to welcome us, and an elevator to make the trip to the 3rd floor easy especially for the suitcases and groceries....very nicely furnished!! One afternoon a couple girls from The Cottages came by to check on us...with a bottle of wine...just to make sure everything was good! Would definitely stay here again!!

We just had a great stay at Sea Esta, with our family renting Sea La Vie, so we had both sides of this nice duplex, a half-block from the beach and a 5-minute walk to the restaurants, bars and shops in the Siesta Key village. Our unit, Sea Esta, was well decorated and fully equipped with everything we needed. We inquired about the availability of a martini shaker and glasses and there they were on the counter when we arrived - thank you Mikaela! Mikaela was our "hostess with the mostess" for our stay and she took care of our needs quickly. The property was great for our extended family, the kiddos were waterlogged every day, never getting out of the pool. We had two family cookouts that easily handled over 15 people. We enjoyed our stay at the house. The property management is absolutely first rate. They are responsive and very attentive to make sure our stay was amazing. We had a minor issue with the electronic door entry (dead battery) but the maintenance man arrived within 10 minutes! The house is adorable. I do want others to know the house is a duplex so the pool areas are side by side, separated by a fence and plants, which doesn't give much privacy. Luckily the other house was not occupied during our visit. The house had everything we needed and the beds are super comfy. The house is on a main street so road noise can be bothersome. A couple of suggestions for the management group: A table and chairs is needed poolside The current patio furniture is in need of replacement - and it's super uncomfortable Additional lighting outside would be nice

This was a perfect place for my big and growing immediate family of 16, including 5 kids. The two cottages added a bit of privacy for the different families, but we mostly used one of them for eating as we all like to eat together. Each house has its own driveway on different streets. The place was not too far from Siesta Key. It was a great place to stay for my Florida wedding. Both houses had pools that the kids enjoyed. Kids shouldn't be left unattended though, especially if they don't know how to swim. They have a deep end. Thank you for letting us stay at your place. We enjoyed our stay.

UNFORGETTABLE VACATION!! My family and I traveled from South Africa to vacation in Florida, and we found the perfect location and the perfect home. We stayed at The Grand Canal Home in Siesta Key with the vacation rental company, The Cottages On The Key. We were all absolutely blown away with the high quality, and layout of the home. When we arrived, the lights were turned on for us and there was a relaxing music playing in the home from the living room television. It was as if we were walking into a spa! We could not believe when we saw beautiful cupcakes welcoming us with our family name written on them. Immediately, we felt welcomed and felt as the home was prepared specially for us. We arrived very late at night and it was very convenient to find a startup kit of toilet paper and hand soap in the restrooms provided for us, as well as some basic cleaning supplies under the kitchen sink. This saved us until we could go to the store in the morning as we were too tired to go out that first night. We love to cook together, and I must say, that kitchen had absolutely everything you can need to cook and also to set a nice dinner table. We also love to grill and even the grill was nicely cleaned for us with an extra propane next to it, should we need to replace the one connected. You can easily see how the staff of The Cottages thinks of everything you may need. Our family of 6 had more than enough space in the home. All the beds were so comfortable and most importantly of all, everything was exceptionally clean!! We loved to spend time inside the home, but we also spent just as much time outside as well. This beautiful canal front home had plenty of outside furniture for us to sit in around the pool area. We had many mornings where we gathered around, sitting on the rocking chairs to drink coffee together, and in the evenings, we sat back out again to watch the sunset and drink our South African tea looking out the canal. A very special part of being by the canal, is that we were able to rent a boat and conveniently have it docked at the home. We took the boat out many times and had really fun memories out in the water. Even dolphins we saw during sunset hours, which was a beautiful memory. We rented the pontoon boat from The Black Pearl of Siesta Key and Captain Larry was absolutely the best! He met with us at the home to clarify any questions and was just the nicest person you can imagine to ever meet. Exceptional service! I also have to say the staff from The Cottages on The Key are outstanding! They can easily be reached and were extremely helpful to answer a few questions we had about the home and the area. Talking about location, the beautiful white sand Siesta Key is such a short drive to Orlando! We visited Disney for a day and that was a magical experience for us. As you can see, I could go on and on about our vacation experience with The Cottages. We have so many memories we will never forget!! We highly recommend this vacation rental company and we cannot wait to be back again!!

Cottage: **Admirals Watch**

Admirals Watch at 673 Ocean Blvd. was a beautiful house and beautiful view. Couldn't have asked for a better place to stay. I've rented lots of places on vacation, but hands down, this was the best company I've ever dealt with. The house was spotless and everything we could have needed was available. We appreciated your employees checking on us to make sure all was ok. And thanks so much for the man that came so quickly to help us with the elevator. We fell in love with Siesta Key and plan to return and wouldn't think of staying anywhere else, -- only at the Admirals Watch. I feel I need to thank you for having such a lovely place to stay!!
